Adams Sanitation

BULK WASTE PICKUP

This Is

AL

He is your bulk waste pickup pro here at Adams Sanitation!

He does great work for customers every day!

Al wants to walk you through our bulk waste policy - because bulk just ain't an easy thing to explain!

Bulk pickup is an included service for Adams Customers!

Most single items - weighing less than 50 pounds and placed by your cart and is a single item will get picked up with your regular trash service

Extra trash that doesn't fit your trash cart isn't bulk. Please bag extra trash that doesnt fit in your cart and our regular trash service will pick it up. Our trash crews cannot take loose unbagged trash that is outside of your trash can.

Al is happy to collect your bulk items from the right-of-way and take them to the landfill - but please remember these guidelines!

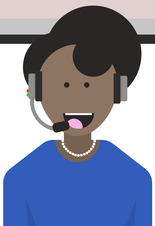
Al can get anything that will fit onto a dolly and can get hauled into a trailer. Al will get items that are heavy but dense and transportable, like refrigerators, stoves, and other appliances.

But there are large items that Al just can't get on his own!

Items like mattresses or furniture that won't fit on a dolly like entertainment centers, sleeper sofas, bedframes and large tables

can't get picked up in bulk.

These items are too unwieldy for Al to grab - and they can be made immovable by rain which can soak up into the items and make them unmanageable!

OVERSIZED ITEMS?


Special Pickups can be arranged by a phone call! Special pickup options start at just $75! Call 537.3282 for more information about our Bulk and Waste Pickup Policy and special pickups.
